OCTANE ZX

RECON ZX

**Jayco**<sup>®</sup>

AMERICA'S MOST **LIVEABLE** RVs.

## TRUE VALUE OF OWNERSHIP

With Jayco, you get more amenities, more liveable, home-like features and superior construction for better durability and greater resale value. **Simply put, you won't find another RV packed with more TRUE VALUE — from the time of purchase to the time you sell.**

- + 2-year warranty
- + more standard features
- + more brand-name components
- + less maintenance
- + better resale value

### True Value of Jayco Ownership

Learn more about Jayco's True Value by finding the blue arrows  throughout this brochure.

AMERICA'S MOST **LIVEABLE** RVs.

### CERTIFIED GREEN

All Jayco products are green certified by TRA Certification Inc., an independent, third-party certification agency. Jayco ZX earned gold certification through the use of sustainable materials, environmentally-friendly production methods, energy-efficient components and reduction of waste.

### WARRANTY

WE BACK OUR PRODUCTS FOR 2 YEARS. ASK OUR COMPETITION WHY THEY DON'T.

You want your RV to last a long time. And nobody backs their RVs better than we do. Our exclusive two-year Co-Pilot Warranty is the best in the business and provides assurance that you'll enjoy your purchase for many years.

# Your play station.

If you live for the weekend, the Jayco ZX toy hauler was made for the way you live, with plenty of room for everything—and everyone—you need to make your trip an unforgettable one. The ZX line combines extreme comfort with extreme durability for a toy hauler that’s tough enough to handle whatever the road throws at it, without sacrificing liveability or amenities.

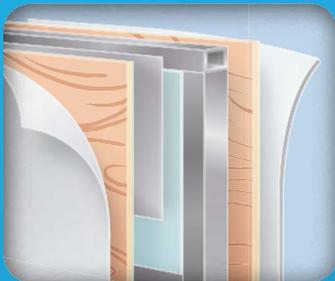

## ↑ LIVEABILITY AND STYLE

The Recon ZX mixes liveability and style using Corian high-gloss counterops and an undermount stainless-steel sink with flushmount covers.

## ↑ KEYED DOOR LOCK

Your ATVs, motorcycles, side-by-sides and mountain bikes will be safe and sound in the ZX’s spacious garage with keyed door lock(s).

## ↑ DURABLE CONSTRUCTION

Vacuum-bonded lamination, welded aluminum sidewall frames and a seamless rubber roof are just a few of the heavy-duty materials packed into the Recon ZX’s design, making it possible for you to play in the roughest terrain.

Toy Haulers

TOY HAULERS

# Octane ZX

OCTANE ZX

OCTANE ZX  
SUPER LITE

## TIME TO PLAY

Built with super-tough, high-end materials, the Octane ZX delivers style and comfort. And with four family-friendly floorplans to choose from, there's plenty of room for sleeping, entertaining and, of course, hauling your favorite toys.

## EASY TOWING

Inside the Octane ZX Super Lite, you'll find many of the same amenities as the Octane ZX. But at just 4,110 pounds, it's one of the lightest toy haulers on the market and can be towed by most half-ton trucks and SUVs.\*

## DIG IN

Thanks to innovative floorplans, the Octane ZX sports a full-featured kitchen with deep, double-bowl sink, overhead microwave and Concord Cherry cabinetry.

TOY HAULERS

# Recon ZX

## BIG FUN

The Recon ZX combines spacious living areas, multiple slideouts, a full-sized kitchen, residential-style bathrooms and an expanded garage into a hard-core hauling machine that's always ready for the next off-road adventure.

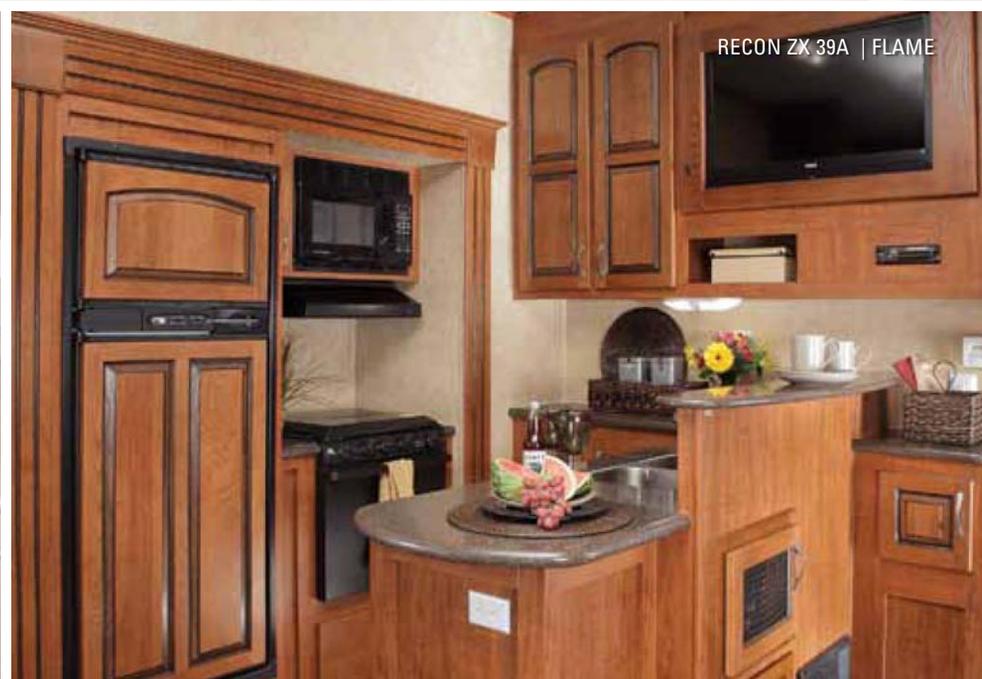

## CHILL OUT

With Recon ZX's optional cargo area electric queen beds, there's plenty of extra room for your friends to stay and play.

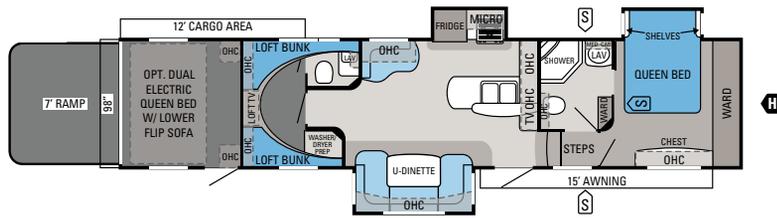

## CLEAN UP

Don't worry about tracking dirt into your Recon ZX. With a second bathroom connected to the garage, wash away a day of filth and grime (select models).

† 5/8" tongue-and-groove plywood main floor decking
† 5" aluminum roof trusses
† 10-1/2" solid steel outriggers
98" interior width
102" wide body
† Bead-foam insulation (R-9 in sidewalls, R-21 in roof)
Cabinetry crafted with screwed-stile construction
Electric-powered slideout
† High-gloss Lamilux 4000 fiberglass sidewalls
† I-Class cambered structural-steel I-beam frames
One-piece underbelly cover
One-piece, seamless rubber roof
Pin box, long
† Polar Barrier insulation package
† Reflective foil insulation in main living area, bedroom and all slideout floors
† Steel backers welded onto frame to mount D-rings
† TuffShell vacuum-bonded laminated sidewalls
† TuffShell vacuum-bonded 5" crowned laminated roof
Vacuum-bonded laminated 2" garage floor
† Welded aluminum floor studs on 16" centers
Welded tubular-aluminum sidewall and floor framework

## STANDARD EXTERIOR EQUIPMENT

12V light for hitch
16" radial tires
Amber patio lights with inside switch
Big Easy triple retractable main entrance step
Cable and satellite TV prepped
Cable TV hookup with RG6 coax cabling
† Dexter Nev-R-Adjust brakes
Durable ABS fender skirts
Electric-powered front jacks, independent
E-Z Lube axles
Foldable, exterior grab handle
High-intensity rear ramp lights (2)
L.E.D. taillights

Lockable baggage doors, insulated and radius-cornered with heavy-duty grab handles
Main entry door step light
† MOR/ryde CRE 3000 rubber axle equalizer
One-piece fiberglass front wall and under goose neck
Radius-cornered fiberglass entrance door with screen door
Rain guttering, molded with extended drip spouts above full length of each unit and above each slideout room
Sony marine-grade exterior speakers (2)
† Stor-Galore basement storage with multiple tie-down rings
† Torq-N-Go wheel nuts

## STANDARD INTERIOR EQUIPMENT

† 32" LCD HDTV in living area
Ball bearing drawer guides, 100-lb. capacity with full-drawer extension
Brushed nickel hardware
† Cabinet door hinges, hidden throughout
Ceiling fan with light
Crank-up digital TV antenna with signal booster
Drawer storage below dinette seats
Fabric-covered box valances with lambrequin legs
† Hardwood slideout fascia boards

## ↑ LIVEABLE FEATURES AND AMENITIES

Every Jayco comes packed with features and amenities designed to make your life easier and family time more enjoyable.

### FUEL STATION

Your toys won't run out of gas with the Recon ZX's 30-gallon fuel station (optional 21-gallon fuel tank on Octane ZX).

### CRANK-OUT WINDOWS

Easily control airflow in the cargo area with jalousie crank windows.

### SPRING/HINGE SYSTEM

Loading and unloading your toys is easy with our integrated hinged spring-assist ramp door.

### STEREO/CD/DVD

Crank it up with the Customer Value Package's Sony stereo system, MP3 input jack and interior and exterior speakers.

## A TRADITION OF LIVEABILITY

Starting with our first lifter system for fold-down campers in 1968, which made for an easier, more enjoyable camping experience, Jayco has always been about liveability. Today, we're the world's largest family-owned RV manufacturer, yet our priorities remain the same: making RVs more liveable and family time more memorable.

### IN-FLOOR STEEL STORAGE

Keep your tools and maintenance items safe and out of the way in the cargo area.

### DRAWER GUIDES

Ball bearing drawer guides provide smooth operation and full-drawer extension for a home-like feel.

## TRUE VALUE OF OWNERSHIP

With Jayco, you get more amenities, more liveable, home-like features and superior construction for longer durability and a better resale value. Simply put, you won't find another RV packed with more *true value*—from the time of purchase to the time you sell. Don't believe us? Run through this list. The check marks don't lie.

AMERICA'S MOST **LIVEABLE** RVs.

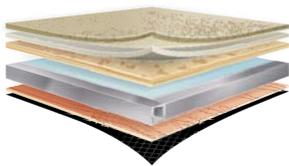

## JAYCO CONSTRUCTION

At Jayco, we've built a reputation for superior construction and craftsmanship. We always use top-quality materials and production techniques, giving our products reliable resale value and our owners peace of mind.

### INSIDE ENGINEERING | Octane ZX

Jayco's reputation for durability, strength and liveability is in the details. The Octane ZX features **1** an integrated ramp door spring/hinge system, **2** a flush-floor design with heavy-duty D-Rings, **3** a 96" wide cargo ramp opening with a 2,000-lb. cargo area and **4** an adjustable electric pitch awning (n/a Octane Super Lite).

#### FLOOR

Vacuum-bonded lamination joins our aluminum frame with a heavy-duty Structurwood floorboard to create one of the strongest foundations in the industry.

#### WALLS

Octane ZX walls feature 2" wall studs on 16" centers, with headers for doors and windows, plus R-7 insulation and .024 double-crimped aluminum skin to reduce expansion.

#### ROOF

Our roof combines wood rafters with 4-1/2" arched trusses, 3/8" engineered Structurwood, a one-piece, seamless rubber membrane and fiberglass insulation for an R-8 insulation value.

#### POLAR BARRIER PACKAGE

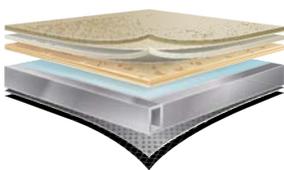

Our exclusive Polar Barrier thermal insulation package lets you extend the camping season by providing protection against freezing (temperatures as low as 0°F or -17°C), greatly increasing your options for winter travel destinations. (Recon ZX only)

\*The Jayco Recon ZX was tested in 0°F (-17°C) weather over an extended period of time in a controlled environment and all functions of the coach were fully operational. Testing cannot account for natural elements, such as wind or moisture. In actual use, unit may not perform as well. In addition, outside components are subject to freezing and require steps to properly insulate. Jayco's warranty does not cover damage cause by freezing.

## INSIDE ENGINEERING | Recon ZX

The Recon ZX continues Jayco's tradition of liveability, durability and strength, with features like ① an integrated ramp door spring/hinge system, ② MOR/ryde suspension, ③ a fold-away style side ladder, ④ 148-gal. fresh water capacity, including water heater, and ⑤ high-gloss Lamilux 4000 fiberglass walls.

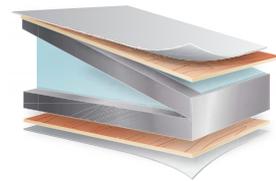

### FLOOR

A 5/8" tongue-and-groove plywood deck on a welded aluminum frame, together with fiberglass and foil insulation (R-24) and a Poly Flex covering, create one of the strongest foundations in the industry.

### WALLS

TuffShell vacuum-bonded lamination combines welded aluminum frames and fiberglass exterior siding to create a durable structure designed to withstand use and travel.

### ROOF

The laminated, vacuum-bonded roof is comprised of 5" arched aluminum trusses with bead-foam insulation (R-21) and a seamless rubber membrane that protects against moisture and resists aging.

## ↑ JAYCO CRAFTSMANSHIP

Jayco's dedicated production team includes Amish craftsmen who build with well-honed woodworking techniques passed down for generations and skilled seamstresses who produce our upholstery, bedding and draperies with great attention to detail.

AMERICA'S MOST **LIVEABLE** RVs.

## INDUSTRY-LEADING WARRANTY

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. Jayco's limited warranty is not transferable. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer.

## OVER 300 LOCAL DEALERS

Establishing a solid relationship with your local Jayco dealer is a key component in the enjoyment of your new Jayco. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.

Jayco dealers are required to deliver all products at the site of the sale to provide a full product orientation and walkthrough at the time of delivery. It's a good way to become familiar with your Jayco and to meet the service, parts and warranty staff members who will be assisting you. If you live in Canada, there are regulations that must be met when buying a Jayco RV. Your local Canadian dealer is a professional at meeting these requirements and regulations. There simply is no substitute for a good relationship with your local Jayco dealer.

## 1-YEAR ROADSIDE ASSISTANCE

Travel worry-free with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

### Your Jayco Dealer

Jayco proudly sponsors Tread Lightly!, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

From RV insurance to extended warranties, JayPlus has it covered. Ask your Jayco dealer about our exclusive JayPlus program today.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.

**Unloaded Vehicle Weight (UVW):** Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

**Gross Vehicle Weight Rating (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

**Cargo Carrying Capacity (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

**Hitch Weight (HW):** The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart inside.
